

Premium Safety Kits

vGroup International can exclusively offer you our new upgraded car safety kit

vGroup International continue to develop new, innovative vehicle safety products for the global automotive industry.

Our EVA Car Safety Kits have been specifically designed to meet international regulatory requirements, holding all components in a high quality moulded case.

vGroup International is the leading manufacturer and supplier of automotive accessories for all customers, from automotive manufacturers to importers and online retail.

vGroup are able to develop products to customer requirements, giving you the option to carry your branding or company colours.

See the picture below of the safety kit with your brand.

If you are interested our premium safety kit or any other products we have to offer, contact us now.
